TP-2006C

**Bike/Car Finder
Alarm & Search**

RF Interference Prevention
Anti-Lost

- NEW RF
- Search
- Safety
- Long Battery Life
- Mini Size
- Alarm
- 0~300m Distance

Research has shown that people waste a year of their lives looking for lost items. This includes your car! If you have ever forgotten where you parked your car in a mall parking lot or at a major entertainment event you know how frustrating this can be.

The Finder TP-2006C eliminates this frustration! It works in indoor and outdoor parking lots alike. With a simple touch of a button, Car Finder will point you in the right direction(Green LED lights)and lead you back to your vehicle! (Range: 0~984 Feet/ 300 Meters Radius).

Bonus Feature: The Finder TP-2006C vibrates if someone tampers with your car/bike/ motor bike, alerting you break-ins or attempts to steal your car/bike/ motor bike.

Key Features

- Anti-Lost for your car/bike/ motor bike
- Easy to use and carry with stylish design
- No installation required
- 2.4GHz Digital RF Technology without harmful radiation
- Effective radius up to 300 meters (984 feet)
- Alert modes: 95 dB alarm
- Equipped with “Direction Indicator” for correct direction searching reference

Specification
